IDENTITY

01 — BRAND

Logo design

FROM **€600**

We will provide 3 absolutely different ready conceptions of a logo in 3 working days after the 50% advance payment. These proposals will be used to decide on the basic concept at the beginning of work on the logo. You are free to request any changes to the concept (the number of changes is not limited to any exact number, but everything is within the limits of common sense).

As a result, you will receive the logo in various formats (JPG, PNG, PSD, AI, EPS, PDF, SVG) incl. vector, which will be ready for print and in 3 color combinations (on the white background, on the dark background and monochrome) + files for the fonts used in the logo.

You will be able to use your logo everywhere (avatar, banner, printed products, etc).

Branding Guide

FROM **€900**

We will provide a brand guide in 4 working days after the 50% advance payment, with recommendations on how to use the logo, a color palette with codes, and fonts used in the design. Also, a design for a T-shirt, and a Facebook page design.

As a result, you will receive the brand guide in PDF format.
